LOCATION AND TRAVEL

Poland is situated at the very centre of Europe and has borders with seven countries: Russia, Lithuania, Belarus, Ukraine, Slovakia, Czech Republic and Germany. The northern border runs along the coast of the Baltic Sea.

AIR TRANSPORT

Poland can be reached by air from every major city in Europe in a mere two to three hours. Warsaw has direct fight connections with all the major cities in Poland. Thanks to its central location, all flights from other cities to Warsaw take roughly around one hour.

ROAD TRANSPORT

The condition of Polish roads could be described as good. In some cases, the train travel time is distinctively shorter than driving.
